RE: Case nos. 2D20225-1936, 2D2026-0279, 2D2025-0681

Dear Mr. Hanson:

This letter responds to yours of June 4, 2026, and July 8, 2026. Access to judicial branch records is governed by Article I, section 24, Florida Constitution, and Florida Rule of General Practice and Judicial Administration 2.420. You have asked for the following.

(1) formalized judicial-assignment memoranda, administrative orders, or directives establishing panel compositions and duty assignments for the above-captioned cases (expressly waiving, for now, internal conflict-check sheets and automated audit trails).

Please find attached a copy of the Court's Internal Operating Procedures, which address the scheduling and assignment of cases. Other than the case records provided previously by Clerk Kuenzel, any other records that may exist relating to this request are confidential and exempt pursuant to Florida Rule of General Practice and Judicial Administration 2.420(c)(1).

(2) administrative communications among judges, judicial assistants, staff attorneys, clerks, or court administrators referencing the scheduling, administration, or routing of those cases or my name[.]

(3) telephone records — call-detail logs or voicemails — referencing the above-captioned cases or my name.

We have not identified responsive administrative records in our files, however, a request has been made to the Office of State Courts Administrator, Office of Information Technology, for responsive e-mail and messages. We expect a report this week; when it is received, I will update this response.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Matthew C. Lucas', with a long horizontal flourish extending to the right.

Matthew C. Lucas
