Request for audio/video recording of the September 2, 2026 evidentiary hearing, Hanson v. University of Florida Board of Trustees, Case No. 01-2026-CA-001794 (Judge Keim), Fla. R. Gen. Prac. & Jud. Admin. 2.420(m)(1)

Ms. Cain:

Thank you for the September 14, 2026 response and for the Zoom-created report you attached. Three requests follow. The first two ask only for records you have already retrieved or already hold.

1. The report you produced does not print the entry times.

In the PDF you sent, the Join Time column prints as ######## in every row of the participant table, sixteen rows, and the meeting's Start Time and End Time print the same way. Leave times printed normally. The result is that the report does not show when any participant joined.

Either of these gives me the values I asked for:

- the native file as it exists in your systems;
- a re-export of the same report with the columns sized so the times display; or

Whichever is least work for your office is fine with me. Whichever form you use, please retain the native file.

If those values were withheld rather than truncated, please state that and identify the basis. If they cannot be produced in any readable form, please state that in writing and identify the system that holds the report and the custodian responsible for it.

2. Preservation, requested on September 8 and again on September 11, and not yet answered.

Both emails asked for written confirmation that routine deletion, overwriting, or purging of responsive material has been suspended while these requests are pending, and for identification of the custodian or custodians responsible. The September 14 response does not address either. I renew both.

Please confirm in writing that a hold is in place, identify who is responsible for maintaining it, and confirm that it has been communicated to any vendor or third party operating systems that hold responsive material. If any requested material was never generated, is no longer available, or cannot be preserved, please identify the category, state the date it became unavailable, and explain what is known about its status.

This preservation request is also directed to any custodian in chambers with possession, custody, or control of responsive material. If Court Administration does not hold a category, please forward that portion and identify the office handling it.

3. Whether a record exists is a determination owed whether or not any charge is paid.

Article I, section 24 of the Florida Constitution gives the right of access to the records of the judicial branch, and the burden of establishing an exemption rests with the custodian. Florida Rule of General Practice and Judicial Administration 2.420(m)(2) provides that the custodian "must determine whether the requested record is subject to this rule and, if so, whether the record or portions of the record are exempt from disclosure," and that "[i]f the request is denied, the custodian must state in writing the basis for the denial." Neither turns on payment.

Separately from the fee question, then: please state whether any record exists, in any form, within the communications category, meaning emails, messages, chat, phone logs, calendar entries, tickets, or notes concerning admission to, denial of admission to, or removal from the September 2, 2026 hearing, including any referring to Angela Griffin, to Premier Video, to Premiere Video, to Vincent M. Lucente & Associates, or to any videographer or court reporting vendor. The period of this request is not limited to August 25 through September 11, 2026. It runs from the earliest such record through

the date of your search. If no record exists, a statement to that effect answers this. If records exist, please say so and state the basis for withholding any of them.

On the charge. This request remains pending. It is not withdrawn, abandoned, or suspended for nonpayment, and I am not sending an advance payment. Article I, section 24 of the Florida Constitution reaches these records by its own terms, and the burden of establishing any limit on that right of access, including a charge that operates as a limit, rests with the custodian. I am asking you to carry that burden on this record before any payment is discussed.

On September 2, responding to a different request, your office set out three date ranges and a full list of search terms before stating an estimate. The September 14 response states an estimate without identifying any system, term, or task. So that I can evaluate and narrow the request, please identify the tasks the estimate covers, the personnel classification and hourly rate for each, the estimated hours per task, and the systems to be searched. I renew my request for a waiver or reduction.

I am glad to discuss narrowing any category to reduce the burden, and I would rather have the records than a dispute about access to them.

Respectfully,

Christopher A. Hanson

Mr. Stengel, Ms. Hall, and Mr. Kirkconnell:

I am following up on my September 8, 2026, 9:58 p.m. email concerning the September 2 hearing before Judge Keim in Hanson v. University of Florida Board of Trustees, Case No. 01-2026-CA-001794. My requests for records and preservation remain pending.

Specifically I'm requesting:

Ms. Hall, I am adding you to this correspondence to ensure that this preservation request reaches chambers. To the extent you or Judge Keim is a custodian of, or has possession, custody, or control over, any responsive records, please ensure that those records are preserved and bring this request to Judge Keim's attention. Please also coordinate with Court Administration, the hearing's Zoom host, and the appropriate technical personnel to ensure preservation of responsive records held elsewhere. Please confirm which records you or chambers hold, who is responsible for preserving them, and whether routine deletion or overwriting of responsive material has been suspended while the request is pending.

Specific materials I'm looking for include:

Any audio or video recording of any portion of the hearing maintained by the court, including Zoom cloud or local recordings outside the Court Reporting system searched.
The hearing's Zoom participant reports and session logs, including any existing records showing the videographer's attempted entry, admission, removal, or departure, and any existing records identifying the host or co-host responsible for any admission or removal.
Emails, messages, phone logs, or other communications from September 2 through September 8, 2026, concerning access to or removal from that hearing of the videographer arranged for it, including references to Premier Video, Premiere Video, and/or Lucente.

This includes any existing full or partial recordings, cloud or local copies, participant and session logs, host/co-host and admission/removal records, meeting settings, metadata, chats, and communications concerning access to or recording of this hearing, including recoverable copies scheduled for deletion. If any requested material was never generated, is no longer available, or cannot be preserved, please identify the category and explain what is known about its status.

Mr. Stengel, thank you again for checking your recording system.
Please confirm whether the search also covered Zoom cloud or local recordings maintained by the hearing host or other court personnel. If those sources have not been checked, please identify the office responsible and forward the request there and advise me of the same.

Ms. Hall, I would also appreciate clarification of the following administrative matters, to the extent within your knowledge. If another person is better positioned to answer, please route these questions or identify that person:

1. Who served as the Zoom host and co-host, and who controlled admission to and removal from the September 2 hearing?
2. My September 8 email described Dustin Russell of Lucente's report that the arranged videographer called Russell's office after being removed from Zoom. Was that person denied admission, removed, or disconnected for another reason? Who made or implemented any admission or removal decision, and what reason or instruction was communicated?
3. Was advance approval required for that videographer to attend or record? I know that the court reporter was on and completed the transcript but I was under the impression that the videographer was in the hearing the whole time. Was any request received, granted, or denied, and by whom? Please identify any applicable written instruction, order, or communicated decision.
4. What means were actually available for members of the public to observe this hearing, and how were those arrangements communicated?
Page 2 of the August 25 hearing order states: "Zoom links shall be shared ONLY with individuals expected to participate in the hearing and shall NOT be published publicly." Was there a separate observer-access procedure, and were any observer requests received or denied?

Separately from these clarification questions, please treat this email as a supplement to my pending Rule 2.420 request for existing court records. I expressly expand the communications period from September 2–8 to August 25–September 11, 2026, and request existing records concerning the videographer's access or recording approval, public-observer access arrangements for this hearing, and preservation of the requested hearing records. This includes any written directions, approval or denial communications, access notices, and preservation instructions within that scope. I am requesting existing records, not asking that a new report be created.

Mr. Kirkconnell, please also let me know if you have any information and ensure preservation of any hearing recordings and related access, videographer, or preservation communications held by UF or its counsel, and identify the appropriate UF records contact for those materials.

Please acknowledge the preservation request promptly, identify the responsible custodian or custodians, and provide the status and anticipated timing of records production. For categories with no records located, please say so; for any withholding, please identify the record or category and legal basis and provide the nonexempt portions. Please provide an itemized estimate before incurring charges.

Thank you,
Christopher A. Hanson

ORDER ON PLAINTIFF'S VERIFIED MOTION TO DISQUALIFY THE HONORABLE SHERWOOD S. COLEMAN

THIS CAUSE came before the Court on "Plaintiff's Verified Motion to Disqualify the Honorable Sherwood S. Coleman," (Plaintiff's Motion) filed on June 15, 2026. The Court, having reviewed the motion and being otherwise fully advised in the premises, hereby finds as follows:

RELEVANT PROCEDURAL HISTORY

On October 14, 2025, Plaintiff filed a "Verified Petition/Complaint for Writ of Mandamus, Declaratory Relief, and Attorney's Fees." On November 13, 2025, Plaintiff filed an "Amended Verified Petition/Complaint for Writ of Mandamus, Declaratory Relief, and Attorney's Fees." The Florida Supreme Court assigned the Honorable Evan G. Frayman, Sixth Judicial Circuit Court Judge, to preside over the above-captioned case.[1] On January 16, 2026, Plaintiff filed a "Verified Motion to Vacate, for Clarification, Rehearing, and Entry of an Order Consistent with the Relief Requested in the Amended Petition, and Absent Immediate and Satisfactory Relief or Explanation, Disqualification of Judge Frayman from These Proceedings." On January 21, 2026, Judge Frayman entered an order granting Plaintiff's request for disqualification. On January 29, 2026, the Florida Supreme Court assigned the Honorable Sherwood Coleman, Sixth Judicial Circuit

[1] *See* Florida Supreme Court Assignment Order 2026-40.

Court Judge, to preside over this case.[2] On June 15, 2026, Plaintiff filed the instant motion to disqualify the presiding judge.

Plaintiff erroneously argues that, since this is the first disqualification motion filed against the undersigned judge, the instant motion must be decided on a review for legal sufficiency. The procedural history in this case demonstrates that the undersigned is a successor judge to Judge Frayman, who was disqualified by Plaintiff's January 16, 2026, Motion. Plaintiff's current Motion is therefore a successive motion under Florida Rule of General Practice and Judicial Administration 2.330(i).

ANALYSIS

In Plaintiff's Motion, Plaintiff asserts numerous allegations against the undersigned judge which he claims "would place a reasonably prudent litigant in a well-grounded fear that the Court cannot impartially adjudicate a case whose very subject is misconduct within the Thirteenth Judicial Circuit." *See* Plaintiff's Motion at Paragraph 2 (emphasis omitted). Specifically, Plaintiff alleges the undersigned has persistently refused to perform ministerial duties; prejudged the merits of the case; refused to identify disputed facts of the case; recharacterized pleadings and restricted communications with the Court; and engaged in "insider protectionism."

Pursuant to Florida Rule of General Practice and Judicial Administration 2.330(i), when a motion for disqualification has been granted and a subsequent motion is filed seeking disqualification of a successor judge, the successor judge may consider facts and rule on the truth of the facts alleged. Only if the successor judge rules that he or she is in fact not fair or impartial in the case is the successor judge disqualified. *Id.* As noted above, Plaintiff's Motion is a successive motion under Rule 2.330(i).

Additionally, a motion to disqualify must be filed within 20 days after discovering the facts constituting grounds for the motion. *See* Fla. R. Gen. Prac. & Jud. Admin. 2.330(g).[3] Accordingly, any allegations based on events occurring outside of the 20-day timeframe are untimely. Here, Plaintiff acknowledges that he cites to events that occurred well before the 20-day time bar. However, even if all his claims were timely, Plaintiff has not raised sufficient grounds for

---

[2] *See* Florida Supreme Court Assignment Order 2026-63.

[3] The Rule further requires that the motion be "promptly served on the subject judge." The Court notes Plaintiff, who filed the motion through the portal, attempted service on the undersigned judge via electronic service by e-mailing the Court's section e-mail address instead of using the portal. It appears Plaintiff failed to comply with the formatting requirements for e-mail service under Florida Rule of General Practice and Judicial Administration 2.516(c).

Good morning,

1. Attached, you will find the report, and the columns are expandable so you can see the entry times.

2. We acknowledge receipt of your preservation requests dated September 8 and September 11, 2026. Responsive electronic records in the custody and control of the Eighth Judicial Circuit are subject to the judicial branch's established records retention requirements under Florida Rule of General Practice and Judicial Administration 2.420, and applicable retention schedules are not subject to routine deletion or purging outside those requirements.

3. We have no records responsive to your request. To identify responsive data, Court Technology must run custom queries across system databases and generate specialized reports. Please provide your specific search terms, date ranges, and criteria so we can conduct an accurate search.

Once the search is complete, we will request an estimate from the Circuit's Office of General Counsel for the time needed to review and redact non-public information. We will then share the search results and the General Counsel's estimated timeline for completion.

PLAINTIFF'S MOTION FOR PRODUCTION OF THE APRIL 4, 2025 HEARING VIDEO AND, IN THE ALTERNATIVE AND WITHOUT WAIVER, SUBMISSION ON GOOD CAUSE IN RESPONSE TO THE AUGUST 27, 2026 ORDER

Plaintiff, Christopher Hanson, self-represented, moves for an order directing production of the April 4, 2025 hearing-room video recording from Case No. 24-DR-001150 (the "Video"), and states:

WHAT THE COURT ORDERED AND WHAT DEFENDANTS FILED

1. The Florida Constitution presumes that every record of the judicial branch is open, and it places on the custodian who withholds one the burden of proving an exemption. Art. I, § 24(a), Fla. Const.; Fla. R. Gen. Prac. & Jud. Admin. 2.420(a); Barfield v. Sch. Bd. of Manatee Cnty., 135 So. 3d 560 (Fla. 2d DCA 2014). From the first denial on August 21, 2025 to Defendants' September 2, 2026 filing, the Thirteenth Judicial Circuit withheld the Video on the word "surveillance" for 377 days. There is still no evidence to support that label, not even a signed affidavit. The preliminary question that must be answered is whether there was ever any basis in law or fact for the 13th Circuit's "surveillance" label.

"will be made in a reasonable manner." (Doc. 6, p. 21.) The questions have never been answered.

20. The table below sets out each occasion on which Defendants or their counsel applied the words "security," "surveillance," "protected," or "confidential" to the April 4, 2025 hearing Video, and the evidence offered for each:

Date	Source	Speaker	Defendants' words	Evidence offered
8/21/2025	Letter, Gina Justice, Court Administrator (Doc. 83, Ex. D, PDF p. 23)	Custodian	"surveillance video footage from security cameras located on and within courthouse facilities in the Thirteenth Judicial Circuit is confidential and exempt from public record disclosure"	None. General proposition; does not state this recording came from a security camera.
9/8/2025	Letter, Gina Justice (Doc. 83, Ex. E, PDF p. 26)	Custodian	Same sentence, verbatim; "the court's position to your follow-up request has not changed."	None. Sent in reply to Plaintiff's August 31, 2025 email asking whether the courtroom has a hearing-recording system separate from the security cameras and which one made this recording; the questions were not answered.
9/15/2025	Email, Mike Moore, Public Information Officer (Doc. 6, p. 21)	PIO	"This email response also serves to acknowledge receipt of your prior requests as well as any new requests. Please note that responses to your requests will be made in a reasonable manner."	None. The August 31 and September 12 questions were not answered.

The words surveillance and camera do not appear; no fact about the recording stated.

21. The admissions. In their May 15, 2026 responses to Plaintiff's Requests for Admission, Defendants admitted that "there is no existing Court Order formally determining the April 4, 2025, video to be confidential under Florida Rule of Judicial Administration 2.420(d) or (e)" (Resp. No. 4: "Admit," followed by the same three citations); that "no documented analysis was performed by the Thirteenth Judicial Circuit to weigh the public interest in disclosure against the asserted security concerns" (Resp. No. 6: "Admit. No analysis was needed as the video is confidential pursuant to" the same three citations); and that Defendants "did not evaluate whether applying visual or audio redactions" would mitigate any security concern (Resp. No. 7: "Admit. No analysis was needed because the entire video is confidential pursuant to" the same three citations). (Ex. A, pp. 2-3.) Admitted matters are conclusively established unless the court permits withdrawal or amendment. Fla. R. Civ. P. 1.370(b).
22. The exemption that's delayed public access for more than a year while a family suffered through retaliatory misconduct from the sitting 13th Circuit Judge, all rests on a citation with no supporting facts whatsoever. The closest thing to evidence of the exemption is the assertion of the exemption.
23. The rule confirms it. Chapter 119 does not govern records of the judicial branch, Times Publ'g Co. v. Ake, 660 So. 2d 255, 257 (Fla. 1995), as the custodian's own letter states in its

assigned duties and responsibilities.'" A judge presiding over a hearing is a public servant discharging her assigned duties.

28. The presiding judge put the Video's value on the record herself. At the April 4, 2025 hearing, after Plaintiff said the judge had rolled her eyes at him and she denied it:

> THE COURT: You know what, sir. I will go get the camera footage and do it because I have not rolled my eyes at you.
>
> MR. HANSON: Then please do, Your Honor. Please do request that for me.

(Ex. B, Tr. 75:12-16.) Near the end of the hearing:

> MR. HANSON: Your Honor, I would ask that you request the video you referenced.
>
> THE COURT: No, sir.
>
> MR. HANSON: I thought you said that you could.
>
> THE COURT: Sir, you're crossing the line. This hearing is ended.

(Ex. B, Tr. 193:9-14.) In denying Request for Admission No. 1, Defendants quoted Judge Ayers' sentence verbatim. (Ex. A, Resp. No. 1.)

29. Twenty days later, Plaintiff moved to disqualify Judge Ayers, pleading among other grounds that she rolled her eyes at him, denied it, offered "to check the tape, and then refus[ed] when requested by Husband," and asking that the videotape be provided. (Case No. 24-DR-001150, Doc. 183, paras. 77, 80.) On April 28, 2025, she granted the motion as to disqualification. (Ex. C.) Rule 2.330(h) barred her from passing on the truth of the allegations; Plaintiff cites the order only for the fact that the judge who offered the Video and then declined to obtain it stopped presiding twenty-four days later.

30. Defendants have admitted what the Video contains and its condition: "The video captures at least some of the physical demeanor, however the capture of facial expressions is limited,"

apply to that.

THE COURT: You're going to get to do the same thing.

MR. HANSON: We'll see.

THE COURT: Overruled. And don't speak like that to me.

MR. HANSON: Your Honor, you have rolled your eyes at me at least three times.

THE COURT: I have not rolled my eyes, sir.

MR. HANSON: You have. I would swear to it on a Holy Bible right now.

THE COURT: You know what, sir. I will go get the camera footage and do it because I have not rolled my eyes at you.

MR. HANSON: Then please do, Your Honor. Please do request that for me.

THE COURT: Sir. Go ahead, Ms. Davis.

MR. DAVIS: Thank you.

BY MR. DAVIS:

Q. Is there a recent incident where you heard Mr. Hanson moaning during a call with your children?

A. Yes. That was with the back pain that he was having.

Q. Tell the Court about that.

A. I could just hear him moaning in the background

MR. HANSON: But Your Honor, I do have concerns about my kids.

MR. DAVIS: My client needs to get the kids. I'll stay here. I'll gladly stay here.

THE COURT: Thank you. You may leave.

MR. DAVIS: Thank you. I'll stay as long as the Court wants.

THE COURT: I can't do this to the bailiffs.

MR. HANSON: Your Honor, I would ask that you request the video you referenced.

THE COURT: No, sir.

MR. HANSON: I thought you said that you could.

THE COURT: Sir, you're crossing the line. This hearing is ended. I will get to you, Mr. Davis, anything I didn't address. I know I didn't get your vocation thing. If you'll send in dates, we'll get that all set.

MR. DAVIS: Is the Court going to rule on any of the motions?

THE COURT: No. I'm sending an email right.

MR. HANSON: Your Honor, I will just let you know I'm going to be filing a motion to disqualify and motion to stay pending the writ if that has any impact.

THE COURT: No, it does not.

THE FLORIDA BAR, *et al.*,

Defendants/Respondents.

ORDER GRANTING THE FLORIDA BAR DEFENDANTS' MOTION TO DISMISS AND FINAL JUDGMENT FOR DEFENDANTS

THIS CAUSE having come before the Court on the Florida Bar Defendants' Motion to Dismiss filed on January 27, 2026 ("Motion"). The Court has considered the motion and reviewed the file including Plaintiff's Response and attachments. It is **ORDERED** as follows:

1. The Court does not have jurisdiction to review the Bar's decision to dismiss Plaintiff's grievance against the attorney in his dissolution case. See Tyson v. The Fla. Bar, 826 So. 2d 365 (Fla. 2002).

2. The Florida Bar and its employees are immune from suit in acts taken in their official capacity. See Cole v. Owens, 766 So. 2d 287 (Fla. 2002).

3. The Plaintiff has failed to state a cause of action for all the reasons articulated in the Defendants' Motion to Dismiss. Any Amendment would be futile.

Therefore, Defendant's Motion is hereby **GRANTED**. Final Judgment is entered in favor of Defendants who shall go hence without day.

DONE AND ORDERED in Leon County, Florida on February 13, 2026.
