Re: Scott Paul Davis, RFA No. 25-6861

Dear Mr. Hanson:

I am the Chair of the Judicial Circuit Grievance Committee 13A, for The Florida Bar. I have been advised by the Director of the Attorney Consumer Assistance Program of The Florida Bar, that you have asked for review of the decision to close the above-referenced file involving Attorney Scott Paul Davis. I am writing to inform you of my decision in light of my review of the file.

As you know from the Bar's previous correspondence sent to you, the decision to close the above-referenced file involving Mr. Davis was initially made by Bar Counsel. That decision was then upheld by the Director of ACAP/Intake.

Given your objection to the previous closure decisions and your request for review, the Bar's policy requires that I review the file and determine the appropriateness of those past decisions. I have reviewed the file, including the various submissions you offered and I have concluded that the decision of Bar Counsel to close this file was proper and correct. I further find that the Director of ACAP/Intake's affirmation of that decision was also proper and correct.

By copy of this letter to the Director of ACAP/Intake, I am advising of my decision so that the appropriate processing of the file can take place. I am also copying Mr. Davis on my response so that the attorney is aware that an additional review of this matter has taken place and that I am sustaining the former decisions to close this file as proper and correct.

Sincerely,

Alicia Gangi, Chair
Grievance Committee "13A"
