Mr. Hanson,

The following addresses the three categories in your July 20 email request addressed to me.

1. Any records of "formalized judicial-assignment memoranda, . . . or directives establishing panel compositions and duty assignments for the above-captioned cases" are confidential and exempt under Florida Rule of General Practice and Judicial Administration 2.420(c)(1).
2. Any records of "administrative communications among judges, judicial assistants, staff attorneys, clerks, or court administrators referencing the scheduling, administration, or routing of those cases" are confidential and exempt under Florida Rule of General Practice and Judicial Administration 2.420(c)(1).
   Or records "referencing me by name." I have attached two administrative records referencing you by name. I anticipate that it will take approximately four hours to review the email and voice messages that may contain your name and, if they do, determine whether the message is confidential and exempt. The charge for this time is $313.00. Upon receipt of payment, I will proceed with the review of these e-mail messages and attachments.
3. Telephone records (call detail logs) contain phone numbers. Voicemails will be reviewed as part of the email process above.

Mr. Hanson,

I acknowledge receipt of your updated request. I am aware of your earlier request to the Chief Judge. My search for records responsive to your requests requires coordination with the Office of the State Courts Administrator, which is ongoing.

Dear Marshal Haynes:

Pursuant to Article I, Section 24 of the Florida Constitution and Florida Rule of General Practice and Judicial Administration 2.420, and consistent with the Court's Internal Operating Procedures, I respectfully direct this administrative public records request to you.

Section 4.1(K) of the Court's Internal Operating Procedures assigns to the Marshal the duty of "[m]aintaining the court's administrative records and responding to requests for such records." I therefore direct to your office the same three categories I described in my June 4, 2026 request, for the period **January 1, 2025 through the date this request is fulfilled**:

1. Formalized judicial-assignment memoranda, administrative orders, or directives establishing panel compositions and duty assignments for the above-captioned cases (expressly waiving, for now, internal conflict-check sheets and automated audit trails);

2. Administrative communications among judges, judicial assistants, staff attorneys, clerks, or court administrators referencing the scheduling, administration, or routing of those cases, or referencing me by name; and

3. Telephone records — call-detail logs or voicemails — referencing the above-captioned cases or referencing me by name.

I accept searchable, flattened PDF copies. If any record is withheld as exempt, I request a written statement of the basis for the denial under Rule 2.420(m)(2).

I have addressed related correspondence to Chief Judge Lucas as custodian under Rule 2.420(b)(3), and have advised him that I am also directing this request to you as the officer the Court's own procedures designate for administrative records and requests. I remain content for the Court to coordinate a single response internally as it sees fit.

Please acknowledge receipt and provide an estimated timeline for production.

Respectfully,

Christopher A. Hanson
