

**IN THE CIRCUIT COURT OF THE THIRTEENTH JUDICIAL CIRCUIT
IN AND FOR HILLSBOROUGH COUNTY, FLORIDA
FAMILY DIVISION**

IN RE: THE MARRIAGE OF

SARAH HANSON,
Petitioner,

Case No.: 24-DR-1150

and

Division: D

CHRISTOPHER HANSON,
Respondent,

_____ /

**HUSBAND/RESPONDENT'S MOTION TO FOR IMMEDIATE ORDER ON ISSUANCE
OF THE CHASE SUBPOENAS AT DOCKET #'s 147 AND 148**

The Respondent, CHRISTOPHER HANSON, by and through his undersigned counsel and pursuant to Fla. Fam. L. R. P. 12.100, files this Motion, and, in support thereof, states as follows:

1. The parties attended a hearing on the order to show cause on April 22nd, 2025.
2. It's important to note that **despite all of the comments about Husband's conduct throughout this case, neither the Court nor Mr Davis was able to produce a single email, nor even a single sentence from any email or other document that one could describe as dishonest, unethical, or even inappropriate.**
3. That fact alone speaks volumes about what has occurred here and what's continuing to occur here.
4. The order of hearings came up during that event, with husband focusing on the single, simple discovery issue that's existed for nearly a year.
5. The parties attended numerous hearings focusing on the Chase subpoena, and if any issue is ripe for adjudication, it's that.

6. **Husband cannot find any authority to suggest that a hearing is necessary to overrule an objection to a subpoena like we have in this case.**

7. The Court issued orders on Husband's Motion for disqualification and rehearing on disqualification without allowing Husband a hearing.

8. Multiple hearings focused on these Chase subpoenas going back to October 28, 2024 focused on the subpoena issue.

9. Accordingly, Husband is completely lost as to why the Court will not simply enter the order overruling the objections when the pattern here clearly demonstrates this as the core issue that's spawned all of the ugliness and distractions.

10. Despite Husband disagreeing with the Court on whether a formal motion to void is even necessary for the subpoena, he proceeded with filing in order to get this issue behind him, as the Court had suggested that as the remedy.

11. Despite following the Court's instructions at great financial risk to himself, the delays continue.

12. Mr. Davis requested an expedited hearing on this matter at Docket #149 at paragraph 18 all the way back on March 2, 2025.

13. Husband then sent the email attached below on March 4, 2025 agreeing with the expedited hearing, and following up to get it set again on March 10, 2025. (p. 8).

14. That is precisely the reason that the CMC was added to the April 4, 2025 hearing, where on March 10, the Court indicated, **"A CMC will need to take place to discuss whether the motion to void (doc 146) would need to be heard first."**

15. The Court acknowledged at the April 22, 2025 hearing that it was nonsensical to have the Motion to void hearing without allowing Husband the opportunity for some discovery.

16. Husband maintains that based upon wife's simple admitted lack of any disclosure in reaching the post marital agreement, discovery into her finances is critically relevant to allowing the case to go forward. (Docket # 22, 72, 84, 91, 97, 98).

17. The Court continuing to block this discovery despite all of the pleadings and hearings addressing it, the lack of any rule, statute or case precluding an order on it without a hearing, and months of discovery violations and unethical conduct directed at delay, harassment, and obstruction, is very concerning and harmful to this family.

18. Doing the right thing, required by the law, and that would help this family is so simple.

19. Discovery is broad in family law cases.

20. The relevancy is literally everywhere in this case from my initial filing on May 22, 2025 forward.

21. Specifically, Rule 12.380 provides broad discretion for sanctions in this Rule (b)2(C) states that the Court may, "An order refusing to allow the disobedient party to support or oppose designated claims or defenses, or prohibiting that party from introducing designated matters in evidence."

22. Given all of the delays, specifically directed Husband's sole objective since day one, simple discovery issue, sanctions are obviously appropriate in this case. (Docket # 84, paragraphs 25-26).

23. However, the Court has refused to ever comment on this at all.

24. In fact at the Hearing on April 22, 2025, the Court suggested that she was simply disinterested in or she had no authority or jurisdiction to address ethical and discovery violations.

25. That is a wild proposition, but the fact that the Court takes this position in

relation to discovery and ethical violations committed by Mr. Davis, that harm Husband, is completely consistent with the course of events in this matter.

26. Instead, the Court was suspiciously fixated on the guardian ad litem issue.

27. Husband strongly disagrees with the proposition that the April 4, 2025 hearing offered “due process” related to the Guardian ad Litem issue.

28. Judge Ayers suggested a focus attention on the Guardian ad Litem issue at the April 4, 2025 hearing, likely because that is the one to which Husband most strenuously objects.

29. It’s difficult to understand any other reason for Judge Ayers position as it’s nonsensical to have a witness testify on direct only related to one motion, then have cross that must be directed solely to that motion, and argument on that motion, and then go back into testimony on the next motion, producing several rounds of testimony and argument.

30. What’s more concerning about the Court’s unexplained focus on the Guardian ad Litem issue is it’s obviously the one most likely to have a detrimental effect on the children if not properly investigated and considered.

31. Husband filed evidence that supports this concerns at Docket #169 yet the Court and Mr. Davis seem intent on ramming this completely unnecessary intervention through and into their lives.

32. The damage that’s likely to do is tragic if it actually comes to pass.

33. **The longstanding issue that was noticed for the April 4, 2025 hearing which would actually move the case forward is the subpoena issue, pending since an August 9, 2024 motion on Mr. Davis’s objections (long before the motion to void the PMA was filed with post motion to void subpoenas issued).**

34. Again, all of the actions from wife and Mr. Davis are perfectly consistent with an intent to delay, harass, burden, and conceal, and Husband continues to question the Court's lack of interest in all of that, and favor shown to Mr. Davis.

35. There is nothing legally preventing the Court from overruling the subpoena, the Court agrees it's necessary for consideration of the Motion to Void, and Rule 12.380 provides broad discretion to impose sanctions so the Court can and should overrule the current objection on relevancy and/or sanction grounds given the long history of violations and misconduct from Mr. Davis.

WHEREFORE, the Respondent, CHRISTOPHER HANSON, requests the Court enter an Order:

A. Overruling any objections to the Chase subpoenas and other discovery into Wife's finances for the past 5 years.

B. In the alternative, set an immediate hearing on the topic, similar to what Judge Ayers, Ms. Hodz, and Mr. Davis when working to rush Ms. Hodz's withdrawal

C. And, Grant Respondent all other and further relief as this Court deems just and necessary.

CERTIFICATE OF SERVICE

I HEREBY CERTIFY that a true and correct copy of the foregoing has been furnished to all designated on e-service list on this 23rd day of April, 2025.

It will just be a CMC to make a determination as to whether the subpoena or motion to vacate hearing will be set first. The matter will not be heard on April 3. Thanks

I would prefer not to add that onto the April 3 hearing. It is a new legal issue and there's so much already pending for April 3. I could explain further but will stop there. I wouldn't object to another motion for 4-3 on the same issues/timeline set for hearing on 4-3 but I think this is new and different and should be heard separately.

Good morning.

A CMC will need to take place to discuss whether the Motion to Void (doc 146) would need to be heard first. The Court can address this issue on April 3, 2025, if a CMC is noticed with respect to same. Please provide me with a copy of any notices of hearing. Thank you

Good morning. I'm just following up on Mr. Davis's suggestion for a 15 minute hearing on the subpoena issue. Like I previously noted, I was under the impression that the motion to void is what the Judge wanted so the subpoenas could go out.

Can we get something on the calendar for that ASAP? I think it will make the 4-3 hearing much easier for everyone involved. Thanks.

Sorry about that. I was trying to send it a couple of days ago and it froze up. I assume you have what you need then on that?

Also, on scheduling, I reviewed Mr. Davis's objections to the subpoenas where he suggests that the Court could decide the issue during a 15 minute hearing.

I'm a bit confused by Mr. Davis's objection, but agree that a quick hearing makes sense if we can get that on the calendar ASAP. I looked back at the hearing transcripts and I believe that Judge Ayers simply needed the motion challenging the postnup filed in order to allow the discovery to go out. Thank you.

Good afternoon, Ms. Heyward,

Thank you for your email. As there are several other matters scheduled that day, does the Court by chance, have additional time so that we can extend the hearing until 5:00 p.m.? Thank you very much for your time and assistance.
