**RESPONDENT'S MOTION TO CLARIFY STATUS OF STAY PENDING
APPEAL, OR, IN THE ALTERNATIVE, TO ENFORCE STAY AND CANCEL
THE APRIL 17, 2026 EVIDENTIARY HEARING**

Respondent, Christopher A. Hanson, self-represented, respectfully moves this Court for an order clarifying that the stay remains in place pending appeal entered in this case on August 1, 2025, or, in the alternative, for an order enforcing that stay and cancelling the evidentiary hearing presently scheduled for April 17, 2026, and in support states:

I. INTRODUCTION

1. On August 1, 2025, this Court entered an Order Granting Motion for Stay Pending Appeal (Doc. #225). That Order is unconditional, contains no expiration date, and was entered pending the outcome of Respondent's appeal in Second District Court of Appeal Case No. 2D2025-1936.
2. On September 8, 2025, the Second District Court of Appeal reviewed the trial court's stay order and approved it, stating that its approval was "without prejudice to the parties to seek relief from the stay in the trial court." (Doc. #234.)

3. Respondent has reviewed the docket through the date of this filing and is unable to locate any order lifting, vacating, dissolving, or modifying the August 1, 2025 stay. No such order appears on the docket. No motion by Wife seeking to lift the stay has been called up for hearing or ruled upon since August 2025. No party has alleged any changed circumstances that would support lifting the stay.
4. Nonetheless, a full-day evidentiary hearing on multiple substantive matters is currently noticed for April 17, 2026. (Docs. #271, #276.) Respondent respectfully seeks clarification of whether the August 1, 2025 stay has been lifted and, if so, by what order entered on what date. If no such order exists, Respondent respectfully requests that the April 17, 2026 hearing be cancelled and the stay enforced pending the Second District Court of Appeal's decision following oral argument held April 7, 2026.
5. Husband has not yet testified in this matter. If the Court proceeds with the hearing on April 17, 2026, that will occur on April 17, 2026, and perhaps for nothing given the possible transfer of venue the Second DCA is considering.
6. It does not appear that anything whatsoever was filed after the Court's August 1, 2025 order on the stay that supports lifting the stay.
7. There is no evidence to support any problems whatsoever with the children or their current level of care. The case has remained stayed for several months.
8. Given the April 7, 2026 oral arguments, a decision is imminent from the Court.
9. It would be non-sensical to proceed with such a time-intensive and emotionally charged issue after several months of the stay and no change of circumstances to justify lifting it.
10. Given the circumstances of closely interrelated bar issues and the experience in the 13th Circuit today, going forward with the hearing is improper after a several months stay, when the answer is imminent.

11. The relief requested in this Motion is limited to the stay status. Nothing herein waives or abandons any other objection Respondent has previously preserved in this proceeding.

WHEREFORE, Respondent respectfully requests that this Court enter a written order providing one or more of the following forms of relief, and expedited consideration in light of the April 17, 2026 hearing date:

a. Identifying, by docket number and date, any order lifting, vacating, or dissolving the August 1, 2025 stay (Doc. #225);

b. In the alternative, if no such order exists, confirming that the August 1, 2025 stay remains in effect and cancelling the evidentiary hearing noticed for April 17, 2026; or

c. In the further alternative, entering a written order granting or denying lift of the stay, so that the parties have an appealable disposition of the issue.

Respectfully submitted,

Christopher Hanson
