

**IN THE CIRCUIT COURT OF THE THIRTEENTH JUDICIAL CIRCUIT IN
AND FOR HILLSBOROUGH COUNTY, FLORIDA FAMILY LAW DIVISION**

IN RE: THE MARRIAGE OF:

SARAH HANSON, Petitioner/Wife,

and

CHRISTOPHER HANSON, Respondent/Husband.

Case No.: 24-DR-001150 **Division:** A

**RESPONDENT'S EMERGENCY MOTION FOR WRITTEN FINDINGS OF
FACT, CONCLUSIONS OF LAW, AND ENTRY OF ORDERS ON
PENDING MOTIONS, AND OBJECTION TO CONTINUING
DEPRIVATION OF DUE PROCESS**

Respondent, CHRISTOPHER HANSON, representing himself, hereby files this Formal Demand for Written Findings of Fact, Conclusions of Law, and Entry of Orders on pending motions, and formally objects to the Court's continuing practice of issuing summary, boilerplate denials (or refusing to issue orders at all) regarding documented, severe attorney and judicial misconduct. This continuing failure by the Court operates as a "Silence as Admission" strategy that deprives Respondent of meaningful appellate review and violates the fundamental guarantees of due process under the Fourteenth Amendment and Article I, Section 9 of the Florida Constitution. In support, Respondent states:

I. INTRODUCTION: THE "SILENCE AS ADMISSION" PATTERN

1. A court of record speaks through its written orders. For nearly two years, this Court has overseen a coordinated "delay, obstruct, harass, and conceal" strategy executed by opposing counsel, Scott Davis.

2. In response to Respondent's repeated, meticulously documented motions exposing this concealment and the associated ethical violations, the Thirteenth Judicial Circuit has adopted a systemic practice of either: (a) refusing to enter orders entirely, leaving foundational discovery issues unresolved for over a year; or (b) issuing one-sentence, summary denials that completely fail to address the specific, unrefuted factual allegations of misconduct and structural conflict presented.
3. By refusing to make specific findings of fact, the Court is actively attempting to insulate itself and Mr. Davis from appellate scrutiny. A trial court cannot shield systemic corruption and structural bias simply by refusing to create a reviewable paper trail.

II. SPECIFIC FAILURES TO MAKE FINDINGS OF FACT OR ENTER ORDERS

4. The Court has continuously failed to make factual findings or enter dispositive orders on the following critical, threshold issues:

A. The "Structural Conflict" and Judge Felix's Status as a Named Defendant

5. On January 8, 2026, Judge Felix entered an order denying Respondent's "Notice of Related Cases and Motion to Disqualify All 13th Circuit Court Judges".
6. The Court summarily denied the motion as "legally insufficient" under the successive-motion loophole of Rule 2.330(i), completely failing to address the foundational constitutional issue: Judge Felix is an active, named defendant in Respondent's parallel Mandamus and Public Records lawsuit (Case No. 25-CA-010255).

7. The Court failed to make any findings of fact as to whether an objective structural conflict of interest exists under the U.S. Supreme Court's *Caperton* standard when a presiding judge is actively being sued by the litigant for constitutional violations arising from the exact same underlying dispute.

B. The Core Discovery Fraud and the Chase Bank Subpoenas

8. Since May 16, 2024, Respondent has maintained a singular objective: securing reciprocal financial discovery regarding Wife's concealed marital assets.
9. Wife and Mr. Davis willfully violated the stipulated June 28, 2024 discovery deadline, effectuating an undisputed four-month delay before engaging in a "strategic trickle" of incomplete documents via a deceptively drafted Certificate of Compliance.
10. Because of this non-compliance, Respondent sought discovery directly from Chase Bank. Those subpoenas have been pending since August 2024 with new subpoenas issued after the filing of the Motion to void post-marital agreement.
11. Despite this, the Court has completely failed to issue an order overruling Mr. Davis's blanket objections or to make any findings of fact regarding why Wife is not only immune from discovery at the core of the problem, but free to violate the mandatory financial transparency required by Florida Family Law Rule 12.285.

C. The "Davis Veto" and Abdication of Judicial Authority

12. The Court has covered for Davis's misconduct and strategy to conceal marital assets for nearly 2 years, while ignoring the

voluminous filings documenting clear and intentional violations of the ethical rules.

13. Judge Felix failed to make any factual findings regarding its own on-the-record abdication of scheduling authority to Mr. Davis. During the February 6, 2026 Status Conference, Judge Felix explicitly asked Mr. Davis for permission to manage the calendar, asking "if it was ok if we heard the discovery issue before the Guardian ad Litem issue".
14. When Mr. Davis instructed the Court to delay the foundational discovery issue further, the Court simply agreed.
15. There is relevant evidence at issue in the present case, in the separate proceedings against Judge Felix and the 13th Circuit - Case No. 25-CA-010255).
16. Husband's core argument on the guardian ad litem issue has always remained that its baseless, obstructive and retaliatory in nature.
17. There is extensive evidence that requires exploration specifically related to that core argument, given the period of nearly 2 years that the Court has avoided it.
18. Husband is pursuing multiple depositions related to this evidence including Judge Felix's deposition.
19. Judge Felix's connection to the 13th Circuit's continuing concealment of the April 4, 2025 video is directly relevant to Husband's argument on the guardian ad litem and other issues before this Court.
20. The Court must place on the record its factual and legal justification for allowing the accused attorney to exercise a veto over the Court's docket while simultaneously stalling the discovery of his client's concealed assets.

D. The Retaliatory Guardian Ad Litem (GAL) and Evaluation Motions

21. Despite the complete absence of any evidentiary basis or alleged change in circumstances regarding the children's welfare, Wife filed a barrage of retaliatory motions (GAL, Psychological Evaluation, Vocational Evaluation) on December 13, 2024—the exact day Respondent was stripped of his legal representation on one day's notice.
22. Respondent has repeatedly moved to strike these motions as bad-faith, retaliatory sham pleadings designed to weaponize the children and deter financial discovery.
23. The Court has failed to hold Mr. Davis accountable, failed to compel Wife to provide the requested summary of her testimony, and failed to make any findings of fact regarding the retaliatory timing and lack of evidentiary basis for these motions.

E. The Failure to Rule on the Status of the Stay of Proceedings

24. On August 1, 2025, this Court entered an Order Granting Motion for Stay Pending Appeal. The Second District Court of Appeal subsequently reviewed and approved this Order on September 8, 2025.
25. Despite the DCA's approval, Wife filed a Verified Emergency Motion to Vacate the Stay. The Court entered an Emergency Motion Handling Order on August 22, 2025, expressly finding that the matter was **"not an emergency"** and should be handled in the normal course.
26. At the February 3, 2026 hearing, the Court stated its intent to proceed and required the parties to set the April 17, 2026 hearing.

There was never any order lifting the August 1, 2025 stay.

27. No good faith basis for lifting the stay was ever filed or argued after that.

28. The Court has never identified a basis in law or fact for lifting the stay, that Judge Felix himself entered and the DCA approved.

29. The Court has continued with proceedings including an 8 hour familial nightmare hearing on April 17, 2026 (primarily focused on the most concerning retaliatory motion) with no written order lifting the stay. This is despite Husband's pre April 17, 2026 hearing confusion, objections (including the one made at the February 3, 2026 hearing), and concerns over permanent familial damage due to the levels of misconduct and retaliation from the Court.

30. The Court has nevertheless failed to enter a definitive order on Wife's motion to lift the stay, or to provide clarification on the continuing status of the stay, which is fundamentally necessary to determine the validity of any scheduled hearings (such as the retaliatory motions in Section II.D).

31. This refusal to clarify the status of the stay after its approval by the DCA and a judicial finding of "no emergency" is yet another purposeful tactic to avoid creating a reviewable record on a dispositive issue, thereby allowing Wife's counsel to continue scheduling hearings in a vexatious manner.

III. LEGAL ARGUMENT: DUE PROCESS REQUIRES A REVIEWABLE RECORD

32. The Fourteenth Amendment guarantees Respondent the right to a fair and impartial tribunal. The Thirteenth Judicial Circuit's refusal to

issue findings of fact regarding documented attorney misconduct, discovery fraud, and its own structural conflicts operates as a state-sanctioned deprivation of this right.

33. By burying its decisions in summary denials, the Court is effectuating an **Unlawful Immunity Status** for Mr. Davis and Wife, allowing them to ignore the rules of procedure with zero risk of consequence.
34. This complete lack of oversight and accountability enjoyed by Wife and Davis has persisted for almost exactly 2 years since Husband first made his direct plea to the Court for basic discovery, expressing concerns about potential retaliation and child weaponization Wife might employ to avoid the simple discovery.
35. There have been obvious concerns over marital fraud since case initiation.
36. The core misconduct in the case from Davis, Ayers, and now Felix at its core seeks to obstruct and delay the crucial discovery necessary into the almost certain fraud.
37. Ayers and Felix have consistently chosen to advance the obvious retaliatory lawfare while obstructing the core discovery issue, even though Husband warned of those tactics that result in a great threat to the welfare of now 6 and 8 year old children (6 and 4 when this misconduct started).
38. Meaningful appellate review is impossible when the trial court refuses to document its reasoning. A court cannot simply ignore unrefuted evidence of bad-faith litigation tactics and structural bias; it must state on the record *why* it is rejecting objective evidence of misconduct and advancing the motion for guardian ad litem before

the core discovery when so many facts (on which the Court must make findings per above) demonstrate the retaliatory nature of the guardian ad litem.

39. It's critical that the Court review and address the issues raised in this case before the May 22, 2026. The unnecessary conflict that the completely unnecessary and bad faith proceedings introduce into the family's life, present the risk of great potential harm and permanent damage.
40. Respondent/Husband is unsure if the Second District Court of Appeal is reviewing the structural conflict aspect of the case on the pending appeal. If the DCA does not provide relief in the pending appeal, Respondent/Husband will file another appeal with an emergency motion to stay the proceedings pending resolution of the appeal. Absent a written order, the Court is not only trapping Husband under its jurisdiction, but also preventing any appellate option, all in further violation of his constitutional rights.

IV. DEMAND FOR RELIEF

WHEREFORE, Respondent formally demands that this Court:

A. Cease its practice of ignoring critical facts and complex motions involving constitutional rights, judicial bias, and ethical misconduct;

B. Enter immediate, detailed written findings of fact and conclusions of law regarding the structural conflict of interest created by Judge Felix's status as a named defendant in Case No. 25-CA-010255;

C. Enter written findings of fact regarding Wife and Mr. Davis's undisputed failure to comply with the June 28, 2024 stipulated discovery deadline and their ongoing refusal to provide compliant mandatory disclosures under Rule 12.285;

D. Enter a definitive order, supported by factual findings, either overruling or sustaining the objections to the Chase Bank subpoenas that have been pending since August 2024, with new subpoenas issued post filing of Motion to void PMA; and

E. Halt any evidentiary hearings on the merits of Wife's retaliatory December 13, 2024 motions (including the GAL motion) until the Court has fulfilled its duty to enter written orders and findings of fact on the foundational discovery, structural conflict issues, and Husband's notice of invocation of constitutional rights as detailed above.

F. Enter an immediate, written order, supported by factual and legal findings, clarifying the status of the August 1, 2025 Stay of Proceedings and definitively ruling on Wife's Motion to Vacate the Stay.

G. If applicable, enter an order cancelling or at least postponing the May 22, 2026 hearing until Husband can complete the necessary discovery on the Guardian ad litem and other issues.

VERIFICATION

Under penalties of perjury, I declare that I have read the foregoing **Respondent's Emergency Motion for Written Findings of Fact, Conclusions of Law, and Entry of Orders on Pending Motions** and that the facts stated in it are true to the best of my knowledge and belief.
